- Measuring performance.
- Protecting our environment.

Technical Information

Date Produced: September 2019

Assessment Type: 22 multi-choice assessment paper and a risk assessment-based project

Qualification required to deliver: NEBOSH National General Certificate.

Aims: Bring learners up to speed on the practical actions they need to take to handle health and safety within their teams. Managing safely won't turn people into health & safety experts - but it will give them the knowledge and tools to tackle the health and safety issues they're responsible for, bringing home why it is an essential part of their job.
