

## SCO Renewal Training Programme Module 5 –Form of Authority

---

This course will provide engineers with the knowledge and understanding of the form of authority process, specifically in relation to the safe control of operations on the UK gas network. It will provide the necessary training and assessment to achieve SCO unit registration on EUSR

Duration: 1/3 Day in centre (dependant on trainee needs)

Course Space: 8 Trainees

Method of Delivery: Trainer Led

Who is this for? All operatives and managers working on operational tasks within the gas networks, as well as specific meter installations, including those designated or expected to become Named Authorising Engineers or Named Competent Persons, is included

### Course Objectives:

- State the purpose of a form of authority and when one should be used
- Identify and analyse the key information needed for a form of authority
- Recognise the importance of risk assessment and the management change to a form of authority
- Identify specific form of authority requirements for validity and extension, atmosphere testing, execution, handovers and completion

## Technical Information

Date Produced: April 2026

Pre-requisite Qualifications: SCO Core, PtW and FoA must still be in date prior to completion of the training. If qualification expires, initial route must be taken.

Assessment Type: Multi Choice question paper.
